

WORKERS' COMPENSATION

JUNE 2011

Workers' Compensation Newsletter

The attorneys at Snow & Carpio have identified you as someone who may come into contact with workers injured on the job in Arizona. We will be sending out a monthly newsletter with information about workers comp claims generally and recent developments in the workers compensation field. We hope the information is useful to you, and if you or any of your clients or associates have questions about work injury claims, you will think of our firm.

Snow & Carpio limits our practice to representing injured workers before the Industrial Commission of Arizona and the Social Security Administration. We have a staff of 10 paralegals and secretaries with a combined 100 years experience in the field. Our entire staff and all attorneys are fluent in Spanish.

Snow & Carpio is the only Arizona Workers Compensation firm with offices in Phoenix and Tucson. Many institutional organizations trust us with representing their injured workers, including the United Food and Commercial Workers union, Mexican Consulate, Roofers Local 139, Carpenters Union, and many others. We appreciate referrals of those injured on the job and are always available for consultations and general workers comp questions.

SNOW & CARPIO, PLC
WORKERS' COMPENSATION ATTORNEYS

Did you know.....?

- Erica González-Melendez is a past Chairperson of Chicanos Por La Causa.
- Chad Snow has worked in the workers compensation field since 1992, starting as a receptionist and then a paralegal before going to Law School!
- Alex Carpio and Chad Snow are co-founder and Chairman of Citizens for a Better Arizona, whose goal is to foster more moderate legislators in Arizona.

Facts about the month of June...

- Flag Day is observed on June 14th every year. Flag Day was made a permanent observance in America in 1949 by Congress. So wave "Old Glory" high and proud!
- Father's Day observed June 19, 2011
- June 21, 2011 is Summer Solstice. The sun does not set at the North Pole today and there is 24 hours of sunlight.
